

worldwide innovator in flexible liquid packaging

FOR IMMEDIATE RELEASE

CDF exhibiting flexible packaging for petroleum products at the PPC Spring Meeting

Plymouth, MA, March 1, 2016- CDF Corporation, a global company that specializes in the manufacture and sale of high quality [pail](#), [drum](#), [intermediate bulk container](#) and [bag in box liners](#) and [flexible packaging](#), will exhibit bag-in-box liners and drum and pail products at the Petroleum Packaging Council's Spring Meeting and Tradeshow.

The Petroleum Packaging Council's Spring Meeting and Tradeshow will be held March 20th to the 22nd at the Hilton Sandestin Beach Golf Resort & Spa in Destin, Florida.

CDF has a wide range of flexible products to satisfy the needs of petroleum manufacturers. [Bag-in-box](#) is the ideal packaging solution for chemical applications ranging in size from 1 liter to 25 liters. CDF offers both form-fit and pillow styles to meet all your bag in box needs. CDF Corporation has recently passed the design qualification testing of a combination package; fiberboard box with a plastic bag. CDF's UN certified bag-in-box will provide the highest levels of protection for transporting hazardous products requiring class II and III packaging.

CDF's drum and pail liners provide outstanding performance in critical lubricant applications. CDF has the industry's most comprehensive selection of drum and pail liners and accessories. CDF products range from tough, leak-proof, [vacuum-formed inserts](#), to economical, [round-bottom liners](#) to the special protection of [barrier-film liners](#). These liners and inserts can be used with many chemical applications, such as adhesives, automotive, coatings, detergent, greases, ink, lubricants, paint, sealants and soap. CDF's line of drum and pail accessories include [EZ-Strainers](#), [dust caps](#), [cover sheets](#) and [lids](#).

About CDF Corporation

[CDF](#) Corporation is a privately held flexible packaging company that leads the U.S. market in liners for industrial containers and custom packaging solutions. Since its inception in 1971, the company has maintained an entrepreneurial approach to industrial packaging, manufacturing and promotion. CDF manufactures products ranging in sizes from 2 gallons to 330 gallons in its Plymouth, Massachusetts ISO certified facility. www.cdf1.com
