

worldwide innovator in flexible liquid packaging

FOR IMMEDIATE RELEASE

Smart Pail & EZ-Flo on display at the Association of Dressings & Sauces Technical Meeting

Plymouth, MA, April 18, 2016 - CDF Corporation, a global company that specializes in the manufacture and sale of high quality [pail liners](#), [drum liners](#), [intermediate bulk container liners](#), [bag in box](#) and [flexible packaging](#), will display packaging solutions at the Association of Dressings & Sauces Technical Meeting in May.

The Association of Dressings & Sauces Technical Meeting will be held May 1st to the 3rd at the Hyatt Regency Savannah in Savannah, Georgia. The technical meeting includes varied technical sessions that provide know-how and solutions for dressings, sauces and other condiment product manufacturers and suppliers.

Representing CDF will be Product Manager Joe Wanner. CDF's newest products, the Smart Pail™ and the EZ-Flo™, will be on exhibit at the ADS Information Open House on Monday, May 2nd. The [Smart Pail](#), a plastic pail replacement system, was developed to offer a more sustainable and cost effective system for transporting semi-viscous, solids and some liquids traditionally shipped in plastic pails. The Smart Pail is a semi-rigid, flexible vacuum-formed plastic liner with a unique wide-mouth laminated peel-reseal lidding film structure offering tamper evidence, easy open-close, excellent oxygen barrier and efficient disposal. The Smart Pail is inserted into a specifically designed corrugated box and stacked 48 units per 40" x 48" pallet for transportation.

The [EZ-Flo Dispensing System](#) is an environment-friendly dispensing alternative to traditional squeeze, pump and spray bottles. The EZ-Flo's innovative dispensing system uses patent pending technology to dispense products of various viscosities without the assistance of gravity. The system is cost effective, reducing waste, time and labor, while improving overall productivity.

The Association for Dressings and Sauces (ADS) represents manufacturers of salad dressing, mayonnaise and condiment sauces and suppliers of raw materials, packaging and equipment to this segment of the food industry. Its purpose is to serve the best interests of industry members, its customers, and consumers of its products. <http://www.dressings-sauces.org/>

About CDF Corporation

[CDF](#) Corporation is a privately held international company that specializes in the manufacture and sale of high quality pail, drum, intermediate bulk container and bag in box liners and flexible packaging. CDF manufactures products ranging in sizes from 2 ounces to 330 gallons in its Plymouth, Massachusetts ISO certified facility.
